## CONVENTION CALL.

To the Republican Electors of Pennsylvania:  
After consultation and correspondence with the members of the Republican State Committee, and by their direction, I hereby give notice that the Republicans of Pennsylvania, for their duly chosen representatives, will meet in State Convention at Harrisburg, Wednesday, August 19, 1891, at 10 o'clock A. M., for the purpose of placing in nomination candidates for the offices of State Treasurer and Auditor General, for the nomination of eighteen candidates for Delegates-at-Large to the Constitutional Convention provided for in the Act of Assembly approved June 19, 1891, and for the transaction of such other business as may be presented.  
Notice is especially directed to the fact that, in accordance with the provisions of the last mentioned act, each Senatorial district is entitled to a representation of three delegates in said Constitutional Convention, two of whom only can be members of the majority party in said district. The electors of each district are therefore requested to make proper nominations for delegates to said convention, the rules governing the nomination of candidates for State Senator to be applicable.  
In this connection the Chairman desires to call the attention of Republican voters to the recommendation of the State Convention of 1882, that "they allow the greatest freedom in the general participation in the primaries consistent with the preservation of the party organization."  
WM. H. ANDREWS, Chairman.

## COUNTY COMMITTEE MEETING.

The members of the Republican County Committee elected at the primaries held on Saturday, August 1, 1891, are requested to meet at Centennial Hall, in the Borough of Pottsville, on Tuesday, August 18, at 10 a. m., for the purpose of electing a County Chairman and transacting such other business as may be required.  
ELIAS DAVIS,  
Chairman County Convention.  
August 4, 1891.

## THIN SKINNED.

The Philadelphia Inquirer refers to a reported incident, said to have occurred in Windsor, Canada:  
"The incident reported to have taken place at Windsor, Canada, on Friday, shows an extreme sensitiveness on the part of the Canadians which does not augur well for the strength of the Canadian party which is loyal to Great Britain. It appears that during the Grand Army meeting at Detroit a number of the members of the society were quartered across the border line in Canada by the Detroit committee on arrangements. In courtesy to the guests some of the Canadians flung the Stars and Stripes to the breeze, a display of the United States flag which aroused the wrath of the Windsor loyalists.  
"The conduct of these 'loyalists' over so insignificant a matter was something extraordinary. They telegraphed to the proper government official, asking that the people of Windsor be ordered to remove the decorations and United States flags from their houses. The foolish Minister sent the order as requested and the Essex County Fusiliers were ordered out to enforce the order. The only important consequence of the order was that the members of the Grand Army who were billeted in Windsor crossed over to the American side and money which otherwise would have been spent in Canada was distributed among citizens of the United States.  
"The people of this country who are accustomed to run up the flags of Great Britain, and, for that matter, the flags of all countries, out of courtesy to foreign visitors, will, of course, only laugh at the ludicrous exhibition of loyalty to Great Britain and jealousy of the United States displayed by the Canadian Minister. But there is one serious aspect to the exhibition. It shows how afraid 'loyal' Canadians are of giving any chance for the encouragement of Canadian sympathy with the United States."

Special attention has been given to preparations for protection of the patrons in case of rain or excessive heat. An immense canvas canopy has been put in position in front of the grand stand to protect the choir and other competing parties from the sun and the grounds will be staided with tents.

A special train of twenty cars for Lakeside will leave the local P. & R. depot at 8:30 o'clock Saturday morning. The fare to Lakeside and return will be 35 cents. Tickets of admission to the grounds will be sold at the same price.

### Not in the Trust.

Sol Haak, of town, has been appointed agent for Reichard & Co., of Wilkes-Barre, for the sale of their Budweis and Export beers. Reichard & Co. are not members of the combine that caused the recent increase in the wholesale price of beer and Mr. Haak will sell the excellent beers made by them at \$7 a barrel to saloonkeepers and \$8 to private parties. All orders for Shenandoah and vicinity may be sent to Sol. Haak, 126 South Main street.

### Tax Collectors Haul.

Policemen Phalen and Conners, assisted by some specials, visited Bradley's row last night and arrested twelve Hungarians who avoided payment of taxes. The Hungarians presented a queer appearance as they marched through the streets to the lockup ahead of the police. Some were without coats, hats or shoes. Most of them were released after a short confinement, upon paying their taxes or giving security or payment.

## A HARBOR CRASH.

### TERRIBLE DISASTER ON AN EXCURSION BARGE.

### 14 KILLED AND 30 INJURED.

A Squall Lifted the Hurricane Deck and Dropped it on the Crowd—Frightful Scenes When the Crash Came.

By National Press Association.

New York, Aug. 12.—Fourteen persons were killed outright and thirty more were injured at Cold Spring Harbor at 4 o'clock last evening.

They were just clearing the dock on an excursion barge to return to Brooklyn when the vessel was struck by a heavy squall and dashed against the dock. It was in the midst of a terrible thunder storm, the waves ran high, and some people think that the mast of the barge on which the people were killed was struck by lightning. This is not known, however.

### There Was Great Excitement.

All was excitement and confusion; women and children were running about and screaming with fright. The sky was dark and threatening, and a heavy sea was running when the upper deck of the barge fell with a crash upon the crowd beneath. Fourteen persons lay dead upon the deck when the wreckage was cleared away and upward of thirty more were severely injured. Others are supposed to have fallen into the water, but up to 9 o'clock no bodies had been washed ashore or recovered.

### 600 Excursionists on Board.

The excursion was sent out by the big dry-goods house of Kayser of Brooklyn for the benefit of its employees, but many other persons took advantage of the excursion to go along. In all there were about 600 persons, nearly all of whom are residents of Brooklyn and Williamsburgh. The excursion had two busses, which belonged to the Excursion Company, and were towed by a large tug. The excursion party left Brooklyn early in the morning and arrived at Cold Spring Harbor about noon.

The boats had barely put off from the dock on the return trip when the accident happened. Among the killed was the pilot of the barge. When the confusion had subsided the superintendent of Kayser's establishment sent the killed and wounded to their homes in Brooklyn by special train.

### The Vessel Was Totten.

The coroner immediately summoned a jury and, after an examination, permitted the removal of the bodies. The jury in its verdict strongly censured the owner of the excursion barge for carelessness, as the vessel was found to be rotten as punk and totally unseaworthy.

The bodies of the people whose lives were lost were brought to the foot of South Fifth street, Brooklyn, on the steamer To Chester. Ambulances were in waiting and the bodies of 14 men, women and children were carried to the Fifth Precinct station house.

### The Death Roll.

The following have been identified: Mrs. KATE FALLON, aged 40, and her 7-year-old daughter Kate. Miss GONZA, aged 18. ROBERT SCHULER, pilot of barge. EATZ KARTZ, aged 4. LIZZIE SCHMIDT, aged 8. PAULINE FAIRY, aged 32. MISS LIVERMORE, aged 53. J. HOFFMAN.

### Story of an Eye Witness.

Charles Wetzlein, of No. 31 Johnson avenue, was on the lower deck of the barge when the crash came.

"There was a stroke of lightning," he said, "and then there came such a violent gust of wind that the boat swayed back and forth. There was a crash and I heard women and children shrieking. Many of the excursionists dropped into the water when the barge went over on one side and the boat looked as though she was going to capsize.

"The brassmen and the railroad people acted like brutes. They wanted to be paid for everything, and many people who hadn't any money had to fall back and get home as well as they could."

### MAY SEND A WAR SHIP.

The seizure of the steamship City of Panama being investigated.

CAPE MAY POINT, N. J., Aug. 12.—Attorney Edgar Lauterbach, of New York, laid before the President facts in connection with the seizure by the government of Salvador of the steamship City of Panama.

At the conclusion of the interview the President telegraphed the Secretary of State to instruct the Minister and Consul at Salvador to furnish a report of the facts in the case for the information of the President.

The Secretary of the Navy was also telegraphed to keep the cruiser Charleston ready for any service that may be required of her.

### Will Depend on America.

LYNN, Aug. 12.—The Daily News commenting on the action of Russia in prohibiting the export of rye, says that it is unnecessary to learn that the crops in the United States promise to yield an exceptionally large harvest. The farmers of America, the paper declares, are masters of the situation, and it is to be hoped that they will use their strength mercifully. The making of corners in the necessities of life is never laudable, and in the present juncture it would be little short of fiendish.

## ONE WAY TO PAY TAXES.

### And Another Way of Making Money by Paying Them.

The ordinary citizen thinks if he pays his taxes in a stipulated time and saves five or ten per cent. he is doing well. Eckley B. Cox has, however, shown that it is possible to make tax-paying a dividend-paying procedure and the manner in which this heretofore impossible feat is performed will challenge the admiration of the world of finance and the still larger world of taxpayers. The court last week decided that Cox Bros. & Co. were entitled to work out their taxes the same as the ordinary citizen and the supervisor accordingly gave permission to the company to start work. Cox Bros. & Co. have placed a party of men at work. They are nearly all new arrivals. They are paid 90 cents a day. The rate allowed a day to a laborer working out his taxes is \$1.35 per day; it will be seen that Cox Bros. & Co. are in about 41 cents which will amount to considerable when the number of men is taken into account. The law makers of this state never intended that taxes should be paid by slave labor. Cox Bros. & Co. are, of course, the largest taxpayers in the township, but it is extremely difficult to see wherein they justify themselves in asking \$1.35 a day for the labor of a man to whom they only pay 90 cents a day, but as employers have a reason for every selfish act on their own part while ever ready to accuse the working-men of seeking to rob them, so Mr. Cox will find some justification.—Hackett Sentinel.

### Progress.

It is very important in this age of vast material progress that a remedy be pleasing to the taste and to the eye, easily taken, acceptable to the stomach and healthy in its nature and effects. Possessing these qualities, Syrup of Figs is the one perfect laxative and most gentle diuretic known.

### LAST CHEAP EXCURSION.

To Atlantic City via the Reading Double Track Route.

This season's last popular excursion to Atlantic City takes place on Thursday, 25th inst. No one should miss this last chance to visit America's greatest seaside resort by fast express trains and at greatly reduced rates. Such an opportunity to see old ocean's "high rollers" and enjoy a swift ride on the "flyers" that have made the "Royal Route to the Sea" world-famous seldom occurs. Round trip tickets for this excursion will be sold from Shenandoah at the very low rate of \$4.50 and will be good going on special train leaving Shenandoah at 10:00 a. m. on the day above named. They will be good for return passage on any train within seven days, including day of issue. For particulars call on any ticket agent. Persons taking this trip can stop off in Philadelphia in both directions.

### Miners' Certificates.

The board for the examination of applicants for miners' certificates will meet at No. 22 South West street, every Saturday evening hereafter, from 5 to 7 o'clock.
